

Plarn Project: Arena

Help make 100 cubic feet of plarn balls for the Arena installation in Hawks Cay, Duck Key, FL. by October 22, 2010. The artists would like to know how many bags you used and how many plarn balls you made. Keep track below by putting a tally mark for each bag used or plarn ball made.

Plastic Bags	Plarn Balls

Write a message or question for go.hein artists Jennifer Gonzales and Nathaniel Hein.
